Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Tuesday 07 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Another fine day on Wednesday before turning more unsettled.

This Evening and Tonight:
A fine end to the day with late sunshine. Further clear skies into the night, although with the potential of some fog patches later. Staying dry throughout but feeling rather warm and muggy. Minimum temperature 14 deg C (57 deg F).

Wednesday:
Plenty of sunshine and feeling very warm to locally hot. Cloud then gradually forming through the evening, becoming widespread by morning as showers push into the south of the region. Maximum temperature 30 deg C (86 deg F).

Outlook for Thursday to Saturday:
Scattered showers on Thursday and Friday, heaviest and possibly thundery on Thursday. Drier on Saturday but a few showers are still possible. Turning cooler.
